It should be emphasized that successful completion of a driver education program does not and should not imply that your child is a safe, accomplished driver. During the course, student is instructed in the basic skills necessary for the safe operation of motor vehicle. However, as with any skills, it is only with repeated practice that the skill is developed and perfected. Your continued work with your son/daughter is essential to further development of sound driving skills. It is mandatory that you provide your child with a minimum of **forty five hours** of additional supervised behind-the-wheel driving conducted before program completion. **As a parent, you must make the ultimate decision to determine if your child is ready to handle the responsibility of operating a motor vehicle unsupervised.**

I hereby request that my son/daughter _____, be enrolled in a state-approved behind-the-wheel program. I understand that completion of this course does not signify that his/her driving skills are proficient enough to operate a motor vehicle without adult supervision.
